

## BOOK REQUEST FORM

Books for Collier Kids provides books for children in need, addressing one of the most important factors affecting literacy—access to books. The books are given to the children in Head Start programs and Title I schools (pre-K through second grade). Then the children then take their books home—to own and cherish.

**From time to time, we are able to provide a limited number of books to nonprofits serving disadvantaged children in our community.** Please provide answers to the questions listed below. We will review your request at our next Board meeting and get back to you promptly regarding the availability of books for your request.
